

MUHAMMED REFAIDY C

Frontend Developer | BCA Student

ABOUT ME

Motivated BCA student with a strong interest in Frontend Development and modern web technologies. Currently building practical skills through hands-on projects using HTML, CSS, JavaScript, Git, and GitHub. Passionate about creating responsive and user-friendly web applications while continuously improving technical and problem-solving abilities.

Seeking internship opportunities and entry-level roles that provide real-world experience and contribute to long-term career growth as a professional software developer.

PROJECTS

Truth or Dare Web Application

HTML • CSS • JavaScript

- Developed an interactive web application allowing users to participate in Truth or Dare challenges.
- Designed a responsive user interface for desktop and mobile devices.
- Implemented JavaScript functionality for dynamic content display and user interaction.

Personal Portfolio Website (In Progress)

HTML • CSS • JavaScript

- Developing a professional portfolio website to showcase projects, skills, and achievements.
- Focused on responsive design, clean UI principles, and modern frontend development practices.
